Aug/2023

Developed and optimized user interfaces using HTML, CSS, and JavaScript to enhance user experience. Collaborated with senior developers and designers to implement responsive design and improve website performance.

Personal Project
Add-On Course System |
HTML CSS JS PHP SQL

Add-On Course System System is Web-based registration software that helps you to register courses online. It is ideal for schools, educational camps, corporate training programs, and online training programs. It also provides time to time current status information related to courses. It can help for the student need to register by giving necessary details, for the desired course.

EDUCATION

BCS (Bachelor Of Computer Science)
Deogiri College Sambhajinagar
11/2021-06/2024
